walter wink engaging the powers: Naming the Powers Walter Wink, 'The pages of this book represent the quest of a man intent on discerning the nature of structural evil in light of the biblical evidence. His experience of living for a time in Latin American and witnessing extensive social and political oppression appears to have moved him profoundly. The end result is a book that is a model of the attempt to integrate scholarship with faith.'--Clinton E. Arnold, Catalyst

walter wink engaging the powers: *The Powers That Be* Walter Wink, 2010-02-24 In our fast-paced secular world, God and theology are second-class citizens. Money, politics, sports, and science seem better suited to the hard realities of our world. As the church steeple has been eclipsed by the skyscraper as the centerpiece of the urban landscape, so has the divine realm been set aside in favor of more immediate human experience. One sad consequence of this shift is the loss of spiritual and theological bearings, most clearly evident in our inability to understand or speak about such things. If the old way of viewing the universe no longer works, something else has to replace it. *The Powers That Be* reclaims the divine realm as central to human existence by offering new ways of understanding our world in theological terms. Walter Wink reformulates ancient concepts, such as God and the devil, heaven and hell, angels and demons, principalities and powers, in light of our modern experience. He helps us see heaven and hell, sin and salvation, and the powers that shape our lives as tangible parts of our day-to-day experience, rather than as mysterious phantoms. Based on his reading of the Bible and analysis of the world around him, Wink creates a whole new language for talking about and to God. Equipped with this fresh world view, we can embark on a new relationship with God and our world into the next millennium.

walter wink engaging the powers: Jesus and Nonviolence Walter Wink, 2003-04-01 More than ever, Walter Wink believes, the Christian tradition of nonviolence is needed as an alternative to the dominant and death-dealing powers of our consumerist culture and fractured world. In this small book Wink offers a precis of his whole thinking about this issue, including the relation of Jesus and his message to politics and nonviolence, the history of nonviolent efforts, and how nonviolence can win the day when others don't hesitate to resort to violence or terror to achieve their aims.

walter wink engaging the powers: Naming the Powers Walter Wink, 1984 The reader of this work will search in vain for a definition of power. It is one of those words that everyone understands perfectly well until asked to define it. Our use of the term 'power' is laden with assumptions drawn from the contemporary materialistic worldview. Whereas the ancients always understood power as the confluence of both spiritual and material factors, we tend to see it as primarily material. We do not think in terms of spirits, ghosts, demons, or gods as the effective agents of powerful effects in the world. Thus a gulf has been fixed between us and the biblical writers. We use the same words but project them into a wholly different world of meanings. What they meant by power and what we mean are incommensurate. If our goal is to understand the New Testament's conception of the Powers, we cannot do so simply by applying our own modern sociological categories of power. We must instead attend carefully and try to grasp what the people of that time might have meant by

power, within the linguistic field of their own worldview and mythic systems. I will argue that the principalities and powers are the inner and outer aspects of any given manifestation of power. As the inner aspect they are the spirituality of institutions, the within of corporate structures and systems, the inner essence of outer organizations of power. As the outer aspect they are political systems, appointed officials, the chair of an organization, laws in short, all the tangible manifestations which power takes. This hypothesis, it seems to me, makes sense of the fluid way the New Testament writers and their contemporaries spoke of the Powers, now as if they were these centurions or that priestly hierarchy, and then, with no warning, as if they were some kind of spiritual entities in the heavenly places.-from the Introduction

walter wink engaging the powers: Just Jesus Walter Wink, Steven Berry, 2014-01-21 Until his death in 2012, Walter Wink was one of the most influential Christian intellectuals of our time. He was a pastor and theologian, a political activist and a writer. He first became a practitioner of active nonviolence during the Civil Rights Movement in Selma Alabama, and continued to seek social justice for all under dictatorships in Chile and the apartheid in South Africa. Always through the lens of Jesus, Wink's life and work demonstrate just how important the need to understand the Son of the Man is in today's modern world. Wink shows us that inspiration and insight can come from any source: a Pentecostal Church in Oklahoma, dreams, Buddhist meditation centers, childhood traumas, an empty forest, illness, and the Gospels. Wink's work in social justice and his life as a theologian are inextricably entwined, finding evidence for nonviolent resistance in the Bible and seeing the need for Jesus in daily struggles. An autobiography of my interest in Jesus, perhaps that is too ambitious, writes Wink. What I have done here is far less grand. I have simply written down vignettes, or excerpts of my life's story that I find interesting. These autobiographical reflections are in no way exceptional. Everyone has a life story. My story may, at the very least, show why I theologically think the way that I do. Just Jesus is the jubilant autobiography of the man who sought justice in all walks of life, including his own.

Weidmann, 2008-01-01 Enigmas and Powers is a celebration and engagement of the work of the noted author, biblical scholar, peace activist, pastor, speaker, and workshop leader, Walter Wink. walter wink engaging the powers: The Human Being Walter Wink, A professor of biblical interpretations uses the epithet the son of the man to explore not only early Christology but also the anthropology articulated in the gospels. He explores how Jesus' self-referential phrase came to be universalized as the Human Being or Truly Human One.

walter wink engaging the powers: Principalities in Particular Bill Wylie-Kellermann, 2017-09-28 If the 1960s were a watershed in American politics, they were no less formative a period in political theology, as figures like Jacques Ellul, Karl Barth, Walter Wink, Daniel and Philip Berrigan, and William Stringfellow shed new light on the biblical language of the powers. In these essays, activist pastor Bill Wylie-Kellermann critically appreciates the legacy of these figures and gives an urgent specificity to the theology of the powers, relating biblical concepts to contemporary struggles for civil rights, clean air, fair housing, safe affordable water, public education, and civic responsibility after the 2016 election, highlighting throughout the vital importance of a community of struggle connected through time and across space. The book's uniqueness lies in its practicality, as biblical and theological analyses arise from, and are addressed to, particular historical moments and given ecclesial and movement struggles. Appendixes present resources for teaching and training people in movement organizing and for thinking through the presence of the powers in our life and ministry.

walter wink engaging the powers: *Subversive Christianity, Second Edition* Brian J. Walsh, 2014-09-01 Where is Western culture going? What should Christians think about it? Those who already ask these questions often come up with confused answers. Those who do not are, arguably, living in a fool's paradise (or a fool's hell.) In this second edition of *Subversive Christianity*, Brian Walsh returns to the themes of cultural discernment that he unpacked more than twenty years ago. In a new Postscript, Walsh revisits Francis Fukuyama, Bruce Cockburn, and the prophet Jeremiah and asks, Where are we now? In light of 9/11 and the world economic crisis of 2008, how do we discern the times, and what does that discernment tell us about the calling of the church?

walter wink engaging the powers: Jesus, Justice, and the Reign of God William R. Herzog, 2000-01-01 By building on his view of Jesus first developed in *Parables as Subversive Speech*, William Herzog II argues that Jesus is intensely interested in the social, political, and economic well-being of humanity. He examines the conflict stories, exorcisms/healings, and the passion narrative to develop his thesis and, in the final chapter, he interprets the resurrection in light of this viewpoint.

walter wink engaging the powers: *Unmasking the Powers* Walter Wink, 1993-03-01 Angels, Spirits, principalities, powers, gods, Satan, along with all other spiritual realities, are the unmentionables of our culture. The dominant materialistic worldview has absolutely no place for them. But materialism itself is terminally ill, and, let us hope, in process of replacement by a worldview capable of honoring the lasting values of modern science without succumbing to reductionism. Therefore, we find ourselves returning to the ancient traditions, searching for wisdom wherever it may be found. We do not capitulate to the past and its superstitions, but bring all the gifts our race has acquired along the way as aids in recovering the lost language of our souls. In *Naming the Powers* I developed the thesis that the New Testament's principalities and powers is a generic category referring to the determining forces of physical, psychic, and social existence. In the present volume we will be focusing on just seven of the Powers mentioned in Scripture. Their selection out of all the others dealt with in *Naming the Powers* is partly arbitrary: they happen to be ones about which I felt I had something to say. But they are also representative, and open the way to comprehending the rest. They are: Satan, demons, angels of churches, angels of nations, gods, elements, and angels of nature.

A fresh take on the interplay of faith and politics in America.--Relevant Jim Wallis and I have a variety of differences on domestic and international policy, but there is no message more timely or urgent than his call to actively consider the common good.--Michael Gerson, op-ed columnist, *The Washington Post* Reading this book will help you be more like Jesus, especially in the public square.--Joel C. Hunter, senior pastor, Northland--A Church Distributed

walter wink engaging the powers: The Prophetic Imagination Walter Brueggemann, 2001 In this challenging and enlightening treatment, Brueggemann traces the lines from the radical vision of Moses to the solidification of royal power in Solomon to the prophetic critique of that power with a new vision of freedom in the prophets. Here he traces the broad sweep from Exodus to Kings to Jeremiah to Jesus. He highlights that the prophetic vision and not only embraces the pain of the people but creates an energy and amazement based on the new thing that God is doing. In this new edition, Brueggemann has completely revised the text, updated the notes, and added a new preface.

walter wink engaging the powers: God and Empire John Dominic Crossan, 2009-03-17 The bestselling author and prominent New Testament scholar draws parallels between 1st-century Roman Empire and 21st-century United States, showing how the radical messages of Jesus and Paul can lead us to peace today Using the tools of expert biblical scholarship and a keen eye for current events, bestselling author John Dominic Crossan deftly presents the tensions exhibited in the Bible between political power and God's justice. Through the revolutionary messages of Jesus and Paul, Crossan reveals what the Bible has to say about land and economy, violence and retribution, justice and peace, and ultimately, redemption. He examines the meaning of "kingdom of God" prophesized by Jesus, and the equality recommended to Paul by his churches, contrasting these messages of peace against the misinterpreted apocalyptic vision from the book of Revelations, that has been co-opted by modern right-wing theologians and televangelists to justify the United State's military actions in the Middle East.

walter wink engaging the powers: The Word Before the Powers Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching, Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church. Moving beyond a narrow focus on moral decision-making or social-issues sermons, Campbell argues that a particular ethic--nonviolent resistance--is inherent in the practice of preaching and shapes the moral life of the church. In the face of the powers, the fundamental ethical task of preaching involves building up the church as a community of resistance. Employing three dimensions of character ethics--vision, practices, and virtues--Campbell demonstrates the concrete ways in which preachers may undertake this task.

walter wink engaging the powers: Jesus and the Powers Richard A. Horsley, 2011 Jesus and the Powers rediscovers Jesus response to the imperial power of his day. Richard A. Horsley describes the relevance of political realities under great empires for understanding the rise of covenantal theology and apocalyptic vision in Israel's history; then he explores aspects of Jesus activity in the context of the Roman Empire. Horsley examines Jesus as an exorcist and prophetic figure and the character of his death by crucifixion; then turns to discuss how the community life in the early Pauline assemblies gave form to a new response to imperial powers.

2002-03-11 Here in one volume is Robert Farrar Capon's widely praised trilogy on Jesus' parables — The Parables of the Kingdom, The Parables of Grace, and The Parables of Judgment. These studies offer a fresh, adventurous look at all of Jesus' parables, treated according to their major themes. With the same authorial flair and daring insight that have earned him a wide readership, Capon admirably bridges the gap between the biblical world and our own, making clear both the original meaning of the parables and their continuing relevance today.

walter wink engaging the powers: Church and World Simon P. Schmidt, 2020-02-14 In the world but not of it—an expression that has been interpreted in a multitude of ways. With the publication of Rod Dreher's much-debated book *The Benedict Option* in 2017, the question of just how the church is to exist in but not of the world is once again on the minds of many. To provide answers true to the context in which the Western church now finds itself, it is worth first investigating how the question has been answered in the past. In determining what to do today, it helps to understand how we got here in the first place. At the beginning of the fourth century, people were persecuted for being Christians; by the end of the fourth century, people were persecuted for not being Christians. This book is an academic investigation of how three paradigmatic theologians interpreted this so-called Constantinian shift: Eusebius of Caesarea (ca. 260-339), Augustine of Hippo (354-430), and John Howard Yoder (1927-1997). Surprising similarities between the theology of Eusebius and Yoder become apparent, and underlying theological structures of how to interpret what it looks like to be a community that follows Christ are revealed.

walter wink engaging the powers: Christus Victor Gustaf Aulen, 2003-09-05 Gustaf Aulen's classic work, 'Christus Victor', has long been a standard text on the atonement. Aulen applies history of ideas' methodology to historical theology in tracing the development of three views of the atonement. Aulen asserts that in traditional histories of the doctrine of the atonement only two views have usually been presented, the objective/Anselmian and the subjective/Aberlardian views. According to Aulen, however, there is another type of atonement doctrine in which Christ overcomes the hostile powers that hold humanity in subjection, at the same time that God in Christ reconciles the world to Himself. This view he calls the classic idea of the atonement. Because of its predominance in the New Testament, in patristic writings, and in the theology of Luther, Aulen holds that the classic type may be called the distinctively Christian idea of the atonement.

The work has been translated into English from the original German, with bibliographic adaptations, by leading American scholar M. Eugene Boring. This comprehensive critical introduction combines historical and theological analysis. Schnelle begins with the teaching of Jesus and continues with a discussion of the theology of Paul. He then moves on to the Synoptic Gospels; the deutero-Pauline, catholic, and Johannine letters; and Revelation, paying due attention to authorship, chronology, genre, and canonical considerations. This is an essential book for anyone with a scholarly interest in the New Testament.

walter wink engaging the powers: The Crucifixion of the Warrior God Gregory A. Boyd, 2017-04-17 A dramatic tension confronts every Christian believer and interpreter of Scripture: on the one hand, we encounter images of God commanding and engaging in horrendous violence: on the other hand, we encounter the non-violent teachings and example of Jesus, whose loving, self-sacrificial death and resurrection is held up as the supreme revelation of God's character in the New Testament. How do we reconcile the tension between these seemingly disparate depictions? Are they even capable of reconciliation? Throughout Christian history, many different answers have been proposed, ranging from the long-rejected explanation that these contrasting depictions are of two entirely different 'gods' to recent social and cultural theories of metaphor and narrative representation. The Crucifixion of the Warrior God takes up this dramatic tension and the range of proposed answers in an epic constructive investigation. Over two volumes, renowned theologian and biblical scholar Gregory A. Boyd argues that we must take seriously the full range of Scripture as inspired, including its violent depictions of God. At the same time, we must take just as seriously the absolute centrality of the crucified and risen Christ as the supreme revelation of God. Developing a theological interpretation of Scripture that he labels a "cruciform hermeneutic," Boyd demonstrates how Scripture's violent images of God are completely reframed and their violence subverted when they are interpreted through the lens of the cross and resurrection. Indeed, when read through this lens, Boyd argues that these violent depictions can be shown to bear witness to the same self-sacrificial character of God that was supremely revealed on the cross.
