veronica franco and marco venier relationship: The Honest Courtesan Margaret F. Rosenthal, 2012-07-13 The Venetian courtesan has long captured the imagination as a female symbol of sexual license, elegance, beauty, and unruliness. What then to make of the cortigiana onesta—the honest courtesan who recast virtue as intellectual integrity and offered wit and refinement in return for patronage and a place in public life? Veronica Franco (1546-1591) was such a woman, a writer and citizen of Venice, whose published poems and familiar letters offer rich testimony to the complexity of the honest courtesan's position. Margaret F. Rosenthal draws a compelling portrait of Veronica Franco in her cultural social, and economic world. Rosenthal reveals in Franco's writing a passionate support of defenseless women, strong convictions about inequality, and, in the eroticized language of her epistolary verses, the seductive political nature of all poetic contests. It is Veronica Franco's insight into the power conflicts between men and women—and her awareness of the threat she posed to her male contemporaries—that makes her literary works and her dealings with Venetian intellectuals so pertinent today. Combining the resources of biography, history, literary theory, and cultural criticism, this sophisticated interdisciplinary work presents an eloquent and often moving account of one woman's life as an act of self-creation and as a complex response to social forces and cultural conditions. A book . . . pleasurably redolent of Venice in the 16th-century. Rosenthal gives a vivid sense of a world of salons and coteries, of intricate networks of family and patronage, and of literary exchanges both intellectual and erotic.—Helen Hackett, Times Higher Education Supplement The Honest Courtesan is the basis for the film *Dangerous Beauty* (1998) directed by Marshall Herskovitz. (The film was re-titled *The Honest Courtesan* for release in the UK and Europe in 1999.)

veronica franco and marco venier relationship: Poems and Selected Letters Veronica Franco, 2007-11-01 Veronica Franco (whose life is featured in the motion picture *Dangerous Beauty*) was a sixteenth-century Venetian beauty, poet, and protofeminist. This collection captures the frank eroticism and impressive eloquence that set her apart from the chaste, silent woman prescribed by Renaissance gender ideology. As an honored courtesan, Franco made her living by arranging to have sexual relations, for a high fee, with the elite of Venice and the many travelers—merchants, ambassadors, even kings—who passed through the city. Courtesans needed to be beautiful, sophisticated in their dress and manners, and elegant, cultivated conversationalists. Exempt from many of the social and educational restrictions placed on women of the Venetian patrician class,

Franco used her position to recast virtue as intellectual integrity, offering wit and refinement in return for patronage and a place in public life. Franco became a writer by allying herself with distinguished men at the center of her city's culture, particularly in the informal meetings of a literary salon at the home of Domenico Venier, the oldest member of a noble family and a former Venetian senator. Through Venier's protection and her own determination, Franco published work in which she defended her fellow courtesans, speaking out against their mistreatment by men and criticizing the subordination of women in general. Venier also provided literary counsel when she responded to insulting attacks written by the male Venetian poet Maffio Venier. Franco's insight into the power conflicts between men and women and her awareness of the threat she posed to her male contemporaries make her life and work pertinent today.

veronica franco and marco venier relationship: The Onlife Manifesto Luciano Floridi, 2014-11-16 What is the impact of information and communication technologies (ICTs) on the human condition? In order to address this question, in 2012 the European Commission organized a research project entitled The Onlife Initiative: concept reengineering for rethinking societal concerns in the digital transition. This volume collects the work of the Onlife Initiative. It explores how the development and widespread use of ICTs have a radical impact on the human condition. ICTs are not mere tools but rather social forces that are increasingly affecting our self-conception (who we are), our mutual interactions (how we socialise); our conception of reality (our metaphysics); and our interactions with reality (our agency). In each case, ICTs have a huge ethical, legal, and political significance, yet one with which we have begun to come to terms only recently. The impact exercised by ICTs is due to at least four major transformations: the blurring of the distinction between reality and virtuality; the blurring of the distinction between human, machine and nature; the reversal from information scarcity to information abundance; and the shift from the primacy of stand-alone things, properties, and binary relations, to the primacy of interactions, processes and networks. Such transformations are testing the foundations of our conceptual frameworks. Our current conceptual toolbox is no longer fitted to address new ICT-related challenges. This is not only a problem in itself. It is also a risk, because the lack of a clear understanding of our present time may easily lead to negative projections about the future. The goal of The Manifesto, and of the whole book that contextualises, is therefore that of contributing to the update of our philosophy. It is a constructive goal. The book is meant to be a positive contribution to rethinking the philosophy on which policies are built in a hyperconnected world, so that we may have a better chance of understanding our ICT-related problems and solving them satisfactorily. The Manifesto launches an open debate on the impacts of ICTs on public spaces, politics and societal expectations toward policymaking in the Digital Agenda for Europe's remit. More broadly, it helps start a reflection on the way in which a hyperconnected world calls for rethinking the referential frameworks on which policies are built.

veronica franco and marco venier relationship: City Culture and the Madrigal at Venice Martha Feldman, 2023-11-10 Martha Feldman's exploration of sixteenth-century Venetian madrigals centers on the importance to the Venetians of Ciceronian rhetorical norms, which emphasized decorum through adherence to distinct stylistic levels. She shows that Venice easily adapted these norms to its long-standing mythologies of equilibrium, justice, peace, and good judgment. Feldman explains how Venetian literary theorists conceived variety as a device for tempering linguistic extremes and thereby maintaining moderation. She further shows how the complexity of sacred

polyphony was adapted by Venetian music theorists and composers to achieve similar ends. At the same time, Feldman unsettles the kinds of simplistic alignments between the collectivity of the state and its artistic production that have marked many historical studies of the arts. Her rich social history enables a more intricate dialectics among sociopolitical formations; the roles of individual printers, academists, merchants, and others; and the works of composers and poets. *City Culture* offers a new model for situating aesthetic products in a specific time and place, one that sees expressive objects not simply against a cultural backdrop but within an integrated complex of cultural forms and discursive practices. veronica franco and marco venier relationship: *The Prodigious Muse* Virginia Cox, 2011-09-01 Winner, 2012 Book Award, Society for the Study of Early Modern Women Honorable Mention, Literature, 2012 PROSE Awards, Professional and Scholarly Publishing Division of the Association of American Publishers In her award-winning, critically acclaimed *Women's Writing in Italy, 1400-1650*, Virginia Cox chronicles the history of women writers in early modern Italy—who they were, what they wrote, where they fit in society, and how their status changed during this period. In this book, Cox examines more closely one particular moment in this history, in many ways the most remarkable for the richness and range of women's literary output. A widespread critical notion sees Italian women's writing as a phenomenon specific to the peculiar literary environment of the mid-sixteenth century, and most scholars assume that a reactionary movement such as the Counter-Reformation was unlikely to spur its development. Cox argues otherwise, showing that women's writing flourished in the period following 1560, reaching beyond the customary feminine genres of lyric, poetry, and letters to experiment with pastoral drama, chivalric romance, tragedy, and epic. There were few widely practiced genres in this eclectic phase of Italian literature to which women did not turn their hand. Organized by genre, and including translations of all excerpts from primary texts, this comprehensive and engaging volume provides students and scholars with an invaluable resource as interest in these exceptional writers grows. In addition to familiar, secular works by authors such as Isabella Andreini, Moderata Fonte, and Lucrezia Marinella, Cox also discusses important writings that have largely escaped critical interest, including Fonte's and Marinella's vivid religious narratives, an unfinished Amazonian epic by Maddalena Salvetti, and the startlingly fresh autobiographical lyrics of Francesca Turina Bufalini. Juxtaposing religious and secular writings by women and tracing their relationship to the male-authored literature of the period, often surprisingly affirmative in its attitudes toward women, Cox reveals a new and provocative vision of the Italian Counter-Reformation as a period far less uniformly repressive of women than is commonly assumed.

veronica franco and marco venier relationship: Veronica Franco in Dialogue Marilyn Migiel, 2022-03-31 Since the late twentieth century, the Venetian courtesan Veronica Franco has been viewed as a triumphant proto-feminist icon: a woman who celebrated her sexuality, an outspoken champion of women and their worth, and an important intellectual and cultural presence in sixteenth-century Venice. In *Veronica Franco in Dialogue*, Marilyn Migiel provides a nuanced account of Franco's rhetorical strategies through a close analysis of her literary work. Focusing on

the first fourteen poems in the *Terze rime*, a collection of Franco's poems published in 1575, Migiel looks specifically at back-and-forth exchanges between Franco and an unknown male author. Migiel argues that in order to better understand what Franco is doing in the poetic collection, it is essential to understand how she constructs her identity as author, lover, and sex worker in relation to this unknown male author. Veronica Franco in *Dialogue* accounts for the moments of ambivalence, uncertainty, and indirectness in Franco's poetry, as well as the polemicism and assertions of triumph. In doing so, it asks readers to consider their ideological investments in the stories we tell about early modern female authors and their cultural production.

veronica franco and marco venier relationship: *The Education of a Christian Woman* Juan Luis Vives, 2007-11-01 From meetings and conversation with men, love affairs arise. In the midst of pleasures, banquets, dances, laughter, and self-indulgence, Venus and her son Cupid reign supreme. . . . Poor young girl, if you emerge from these encounters a captive prey! How much better it would have been to remain at home or to have broken a leg of the body rather than of the mind! So wrote the sixteenth-century Spanish humanist Juan Luis Vives in a famous work dedicated to Henry VIII's daughter, Princess Mary, but intended for a wider audience interested in the education of women. Praised by Erasmus and Thomas More, Vives advocated education for all women, regardless of social class and ability. From childhood through adolescence to marriage and widowhood, this manual offers practical advice as well as philosophical meditation and was recognized soon after publication in 1524 as the most authoritative pronouncement on the universal education of women. Arguing that women were intellectually equal if not superior to men, Vives stressed intellectual companionship in marriage over procreation, and moved beyond the private sphere to show how women's progress was essential for the good of society and state.

veronica franco and marco venier relationship: *The Courtesan's Arts* Martha Feldman, Bonnie Gordon, 2006-03-23 Courtesans, hetaeras, tawaif-s, ji-s--these women have exchanged artistic graces, elevated conversation, and sexual favors with male patrons throughout history and around the world. In Ming dynasty China and early modern Italy, exchange was made through poetry, speech, and music; in pre-colonial India through magic, music, chemistry, and other arts. Yet like the art of courtesantry itself, those arts have often thrived outside present-day canons and modes of transmission, and have mostly vanished without trace. *The Courtesan's Arts* delves into this hidden legacy, while touching on its equivocal relationship to geisha. At once interdisciplinary, empirical, and theoretical, the book is the first to ask how arts have figured in the survival or demise of courtesan cultures by juxtaposing research from different fields. Among cases studied by writers on classics, ethnomusicology, anthropology, and various histories of art, music, literature, and political culture are Ming dynasty China, twentieth-century Korea, Edo and modern Japan, ancient Greece, early modern Italy, and India, past and present. Refusing a universal model, the authors nevertheless share a perception that courtesans hover in the crevices of space, time, and practice--between gifts and money, courts and cities, subtlety and flamboyance, feminine allure and masculine power, as wifely surrogates but keepers of culture. What most binds them to their arts in our post-industrialized world of global services and commodities, they find, is courtesans' fragility, as their cultures, once vital to civilizations founded in leisure and pleasure, are now largely forgotten, transforming courtesans into national icons or historical curiosities, or reducing them to prostitution.

It addresses the city's institutions (churches, confraternities, and academies) against the background of public and private occasions of music making. Supported by a generous collection of archival, literary, and iconographical sources, it treats both ceremonial life in the Serenissima and private forms of patronage. The Companion also addresses the dense web of musical activity (from chapel masters and singers to instrumentalists and instrument makers to music printers and theorists) and the rich variety of styles and musical genres (the frottola, the madrigal, motets and masses, instrumental music, polychoral music, Venetian-language polyphony), broadening the geographical perspective beyond the Veneto to Istria and Dalmatia. veronica franco and marco venier relationship: *Wisdom's Daughters* Cathy Pagano, 2013 Wisdom is Women's Gift to the World. In the many cultural stories that speak about the changing of the ages, it is always Feminine Spirit which brings about the transition to new life, for Feminine Spirit knows the rhythms of life, death, and rebirth and is the "opener of the way." In times of cultural transformation, it is also our right-brain, feminine consciousness that is our best guide, for it opens us to the creative imagination, the realm of possibility. The return of the Goddess awakens the transformative energy that births the changing of the ages. In the western story of worldwide spiritual transformation, there is a powerful image of Cosmic Woman, an image of the archetypal Feminine Spirit who transforms and gives birth to this new age. And her archetypal image gives us instructions for opening to and incarnating wisdom. This image of the awakening Feminine Spirit is an image of the Conscious Woman: a woman, clothed with the sun, standing on the moon, crowned with stars, who is in labor, giving birth to a savior. In earlier times and different traditions, this archetypal image was understood as Lady Wisdom. Today I feel this Goddess image of conscious woman can be incarnated by women everywhere. This woman clothed with the sun is Lady Wisdom, who calls all women to become her daughters. "I love Cathy's insights into fairy tales, mythology, dreams, astrological energies, and archetypes. She makes sense of how our lives are impacted by these complex yet very beautiful elements, making them accessible and keeping them profound. Her wisdom can only enhance anyone lucky enough to have crossed her path." —Alix Toland, Artist & Creator of Color-Scope: An Astrological Mandala

veronica franco and marco venier relationship: *Sor Juana* Ilan Stavans, 2018-09-18 A sixteenth-century Mexican nun, Sor Juana Inés de la Cruz, has become one of the most rebellious and lasting icons in modern times, on par with Mahatma Gandhi, Ernesto "Che" Guevara, and Nelson Mandela. Referenced in ranchera, tejana, and hip-hop lyrics, and celebrated in popular art as a guerrillera with rifle and bullet belts, Sor Juana has become ubiquitous. The conduits keep multiplying: statues, lotería cards, key chains, recipe books, coffee mugs, Día de los Muertos costumes. Ironically, Juana Inés de Asbaje—alias Sor Juana Inés de la Cruz—died in anonymity. Her grave was unmarked until the 1970s. Sor Juana: Or, the Persistence of Pop encapsulates the life, times, and legacy of Sor Juana. In this immersive work, essayist Ilan Stavans provides a biographical and meditative picture of the ways in which popular perceptions of her life and body of work both shape and reflect modern Latinx culture.

Scientific studies are limited for this volcanic system, due to its remote location and difficult access in winter. However, Copahue is one of the most active volcanic systems in the southern Andes. Monitoring the volcano's activity is of utter importance, as it provides means of existence for the nearby village of the same name, hosting the world's highest-located hot-springs resort. This book's aim is to present the current monitoring activities, and to describe future research programs that are planned in order to mitigate volcanic hazards. Special attention is therefore devoted to the social and industrial activities close to the volcano, such as health therapies and geothermal energy exploitation. In a special section, the Copahue volcano is presented as a terrestrial modern analog for early-Earth and Mars environments.

veronica franco and marco venier relationship: *Italian Women and the City* Janet Levarie Smarr, Daria Valentini, 2003 Studies of the city, and of women's experiences of the city, have focused primarily on modern times, especially as modernism was defined in large part by urban life. Italy, however, has a long history of urban-centered culture, and women have been a vocal part of that culture since the Renaissance. This volume, therefore, looks at the art and literature of both earlier and more modern periods to investigate the meanings of the city for Italian women, the intensely gendered meanings (for both sexes) of those city spaces that excluded women, and the conditions that permitted a limited permeability of gendered boundaries. Two aspects to the combination of women and city are salient to these investigations. One involves their metaphorical relationship. Urbs, citta, ville -- the words for city tend to be grammatically feminine, and a long tradition of representation associates the city with a woman. Women, especially writers, could exploit, modify, or resist the prevailing uses of such metaphors. The second aspect of connection involves social realities. What was or is the relation of the (female) city with the real women who inhabit it? What kind of site has it provided for women seeking a satisfying life for themselves? How has art and literature, by men and by women, represented the relationship of female persons or characters to urban spaces?

Maguire Regarded as one of the best representatives since World War II of the rich and ancient art of poetry in Poland, Wislawa Szymborska (1923-2012) is, in the translators' words, that rarest of phenomena: a serious poet who commands a large audience in her native land. The seventy poems in this bilingual edition are among the largest and most representative offering of her work in English, with particular emphasis on the period since 1967. They illustrate virtually all her major themes and most of her important techniques. Describing Szymborska's poetry, Magnus Krynski and Robert Maguire write that her verse is marked by high seriousness, delightful inventiveness, a prodigal imagination, and enormous technical skill. She writes of the diversity, plenitude, and richness of the world, taking delight in observing and naming its phenomena. She looks on with wonder, astonishment, and amusement, but almost never with despair.
