benjamin freedman speech 1961: *Facts Are Facts* Benjamin Freedman, 2009-03 INSCRIBED UPON THE CROSS WHEN JESUS WAS CRUCIFIED were the latin words Jesus Nazarenus Rex Iudeorum. Pontius Pilate was the author of that famous inscription. Latin was Pontius Pilate's mother tongue. Authorities competent to translate and pass upon the correct translation into English agree that is Jesus the Nazarene Ruler of the Judeans. There is no disagreement among them of that. THE WORD JEW did not occur anywhere in the English Language until the 18th Century. Jesus referred to himself as a Judean. The modern day Jews were historically Khazars or Chazars, a Mongolian Nordic tribe who roamed northern Europe.

benjamin freedman speech 1961: Think Palestine Dr. Jamil E. Effarah, 2020-01-09 Dr. Jamil Effarah tackles the struggle between Palestinians and Israelis in three volumes under the title "THINK PALESTINE" that exposes series of articles addressing various issues regarding the complex struggle between Palestinians and Israelis, based on developing events that took place involving the U.S. Administrations and their policies of support for Israel in the conflicts among Palestinians, Arabs and Israelis. This Volume III is intended for those students, teachers, politicians, executives, policy makers, and others who are interested or involved in the Middle East affairs. He interprets these events and policies as reflected by the last six years (2013-2018). Dr. Effarah started writings since 1952 while student at the American University of Beirut (AUB). As an Arab-American independent thinker, he judges' events according to their merits while acting as a participant observer to the one-sided American policy toward the Middle East that serves the interest of Israel. He records and highlights the facts in an attempt to find the key to unlock the Palestinian, Arab and Israeli conflicts. His personal feelings, as a survival of the Palestinian holocaust of 1948, and his interpretations toward the proceedings representing a major part in the events that took place in that period. To find solutions to the Palestinians' dilemma is to be fair to think Palestine. To "THINK PALESTINE" is to understand how to find the real key to just solutions to the problems in that region. Dr. Effarah attempts to create a voice for Arab Americans to stand up and be counted and act as an integral part of the American society. He keeps pressing for more American-Arab participation in the political process, for more transparency, and for faster and farther reaching to the Americans' hearts and minds by trying to make them understand the Arabs' situations, and Arab-Christian Patrimony, culture and heritage. Dr. Effarah attempts to create an Arab-American balanced policy to reach Americans and convince them that there are special interest groups and influential lobbyists in Washington, D.C. who misinform media and try to spin the story around while beholding to the fabricated Israeli points of view. To counterbalance the Zionist efforts, Arab-Americans should "think Palestine" and ask the American citizens to find answers to why the American citizens, the taxpayers, give money outright to Israel: more than \$8.5 million per day, according to the CIA Factbook in 2012. It also was upgraded to \$8.9 million per day with President Trump Administration giving \$3.3 billion in 2019.

benjamin freedman speech 1961: Think Palestine Jamil Effarah, 2016-06-16 It is clearly obvious that, in the United States, limits are imposed on the Palestinians right to speak, on what the Palestinians could or should not say. Platforms for an impartial Palestinian discourse were extremely narrow to begin with, and when any was available, Palestinians hardly took center stage. For that purpose, Dr. Effarah kept writing weekly articles in Arabic and English for the last twenty-six years with one objective Think Palestine. This third volume includes unpublished articles for the last three years (2012-2015); volume 1 includes the published articles from 2001 to 2006, while volume 2 includes articles from 2007 to 2012. Dr. Effarah believes that the media discrepancies are far more pronounced. The moral crisis in mainstream Western media on the subject of Palestine requires volumes, and much has indeed been written about it. His writings are based on developing events

that took place in the last seventy years of his own experience since he was uprooted from his home in Haifa, Palestine, in 1948, along with his community; such change in his life caused him to be involved in the politics of the Middle East. Dr. Effarah's articles on Think Palestine have a propensity to find solutions to the Palestinian dilemma while waiting for a form of a peaceful settlement between the Palestinians and the Israelis. The struggle in Palestine requires and in fact, demands global solidarity, a critical mass of a support base that is enough to turn the tide against the violent Israeli occupation, incorporating governments and companies that currently support, sustain, and bankroll Israel's daily crimes against Palestinians. There were not enough Palestinian intellectuals around to speak for themselves and are capable of enunciating the Palestinian experience or that the struggle of Palestine is part of a larger battle against imperialism. Today, there's a massive shift that the Internet and social media has brought about a change in understanding the truth about Palestine being occupied by intruders coming from the four corners of earth to fulfill a fallacy of certain myth that a certain god promised the land of Palestine to the Jews. However, the frame of mind that neglected or avoided the Palestinian narrative has not been defeated completely in the Western world as long as the appreciation of the authenticity of the Palestinian narrative to the central discourse of the Palestine-Israel conflict at every available platform be it political, academic, cultural, artistic, or in the media is not comprehended. Dr. Effarah attempts to create a voice for Arab Americans to stand up and be counted and act as an integral part of the American society and help Americans understand the Palestinians' situation as part of the Arab culture and heritage.

In this provocative and illuminating book, Imad Moosa illustrates the economic motivations behind the last 100 years of international conflict, citing the numerous powerful individual and corporate war profiteers that benefit from war.

benjamin freedman speech 1961: The Dot on the I in History: Of Gentiles and Jews NA Hebrew Odyssey Scrolling the Internet Michael B. Hammer, 2017-11-30 The inspiration author Michael B. Hammer received when speaking with others about the Israeli-Palestinian problem led to The Dot on the I in History: On Gentiles and Jews-Scrolling the Internet with the goal of helping others better understand the problem. When the issues involve intertribal, interracial, interreligious, and international human relationships lasting over several generations, they often become so complex one does not see the forest for trees, unless one knows where and when the seeds were planted. That is what history is all about. This book aspires to explain what Judaism, Christianity, and Islam have in common, how they differ, and how they have evolved. You'll also learn how the Internet has affected and changed those involved in the Middle East conflict. With this information, you will have a better understanding of the real reasons for such world-changing events as what took place on 9/11.

benjamin freedman speech 1961: Genesis Understood Lance Thomas Wynn, 2016-08-12 Did the giants exist? They are written in the Bible, history, and archeology. As you can see, Cain is six feet taller than the dump truck. 14 The wicked have drawn out the sword, and have bent their bow, to cast down the poor and needy, and to slay such as be of upright conversation. 15 Their sword shall enter into their own heart, and their bows shall be broken. 16 A little that a righteous man hath is better than the riches of many wicked. 17 For the arms of the wicked shall be broken: but the LORD upholdeth the righteous. 18 The LORD knoweth the days of the upright: and their inheritance shall be for ever. 19 They shall not be ashamed in the evil time: and in the days of famine they shall be satisfied. 20 But the wicked shall perish, and the enemies of the LORD shall be as the fat of lambs: they shall consume; into smoke shall they consume away (Psalm 37:14-20, King James Version).

benjamin freedman speech 1961: The Illuminati Jim Marrs, 2017-05-22 A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers,

Rothschilds, Adamsses, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. Gnosticism, mystery schools, the Roshaniya, Knights Templar, assassins, Rosicrucians, Skull and Bones, Knights of Malta, whistle blowers, the revolutions in France, Russia, and America, and the structure, symbols, and theology of the Illuminati are all covered. Marrs takes a broad look at the group and their workings, investigating their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, and the Protocols—or procedures—for usurping national governments and gaining world domination, as well as the Illuminati symbolism found in today's international corporate logos. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to influential people, and their place in modern America. The Illuminati lifts the cloaks of secrecy protecting the powerful.

benjamin freedman speech 1961: Conspiracies of Conspiracies Thomas Milan Konda, 2019-03-15 “The most comprehensive intellectual history of American conspiracy theories yet produced.” —The American Historical Review It’s tempting to think we live in an unprecedentedly fertile age for conspiracy theories, with seemingly each churn of the news cycle bringing fresh manifestations of large-scale paranoia. But the sad fact is that these narratives of suspicion—and the delusional psychologies that fuel them—have been a constant presence in American life for nearly as long as there’s been an America. In this sweeping book, Thomas Milan Konda traces the country’s obsession with conspiratorial thought from the early days of the republic to our own anxious moment. *Conspiracies of Conspiracies* details centuries of sinister speculations—from antisemitism and anti-Catholicism to UFOs and reptilian humanoids—and their often-incendiary outcomes. Rather than simply rehashing the surface eccentricities of such theories, Konda draws from his extraordinary assemblage of conspiratorial writing to crack open the mindsets that lead people toward these self-sealing worlds of denial. What is distinctively American about these theories, he argues, is not simply our country’s homegrown obsession with them but their ongoing prevalence and virulence. Konda proves that conspiracy theories are no harmless sideshow. They are instead the dark and secret heart of American political history—one that is poisoning the bloodstream of an increasingly sick body politic. “Meticulous scholarship . . . essential context for understanding our present mess.” —Survival: Global Politics and Strategy “Incisive and engaging . . . Konda’s assessment of the ‘new dynamics’ of conspiracy theories in contemporary US politics is a significant contribution. Written with a clarity of expression rare in academic writing, the book is accessible to a wide readership.” —Choice

benjamin freedman speech 1961: *Let Us Put Our Money Together* Tim Todd, Esther L. George, 2019-05-31 Generally, books addressing the early history of African American banks have done so either within the larger construct of African American business history and economic development, or as a starting point to explore current issues related to financial services. Focused

considerations of these early institutions and their founders have been relatively rare and somewhat scattered. This publication seeks to address this issue.

benjamin freedman speech 1961: Germany Must Perish! Theodore N. Kaufman, 2019-01-09 This March 1941 book-written by a New Jersey Jewish-German émigré-caused a storm in Germany and America with its open advocacy of the physical extermination of all Germans and Germany itself. This was to be achieved through a process of mass sterilization, and the physical dismemberment of that country. Arguing that Nazism was in fact just another expression of militant Germanism, the author said that the Germans would never change and the only way to end the ongoing struggle was to end Germany and the German people. Because of Kaufman's claimed links to the policy advisors of the American president, Nazi Propaganda Minister Joseph Goebbels used the book to help encourage Germans to fight to the last. Ironically, significant sections of Kaufman's book, despite being dismissed as the work of a loner, came true. At least 12 million Germans were expelled from their land following the end of the war, and their deportation became the single largest transfer of any population in modern European history, and one-third of German territory was ethnically cleansed of Germans and permanently seized. Although the sterilization plan was never implemented, the collapse in the German birth rate, predicted by the author, has occurred, and even this part of the plan seems set to become reality. As the author wrote: Of course, after complete sterilization, there will cease to be a birth rate in Germany. At the normal death rate of 2 per cent per annum, German life will diminish at the rate of 1,500,000 yearly. Accordingly in the span of two generations that which cost millions of lives and centuries of useless effort, namely, the elimination of Germanism and its carriers, will have been an accomplished fact. benjamin freedman speech 1961: *The Adult Learner* Malcolm S. Knowles, Elwood F. Holton III, Richard A. Swanson, RICHARD SWANSON, Petra A. Robinson, 2020-12-20 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids including a PowerPoint presentation for each chapter. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

benjamin freedman speech 1961: *The Life of an American Jew in Israel* Jack Bernstein, Benjamin H. Freedman, Albert Einstein, Samuel Untermyer, Len Martin, 2012 *The Life of An American Jew in Israel* (Jack Bernstein) AND Benjamin H. Freedman - *In His Own Words* is a concise compilation of historic documents which are no longer available in hardcopy. They unanimously REVEAL(ation) a heretical conspiracy, NOT of the Jews, but of Zionism. (See Important Note below) Historically, no nation or kingdom has ever gone down spontaneously - without premeditation.

Empires only fall after careful and strategic, covert planning by someone. Sagas in antiquity tell of precious few occasions when the scheme has been discovered and subsequently thwarted. Whether you are a Democrat, Republican, Libertarian or an Independent, if you are concerned about the immediate future of the United States of America, you will read this eye-opening little book and take the passionate warnings of these valiant men seriously. Many things will then begin to make dreadful sense to you. Jack Bernstein was a patriotic American who leaped on the Zionist propaganda bandwagon of diaspora Jews returning to Israel. He became greatly disillusioned and alarmed by his personal experiences in Israel and the discovery of the true nature of Zionism as a political movement seeking to establish a supranation of Israel (Judaism, however, is a non-aggressive religion) Having returned to the sanctuary of America, and with the help of journalist Len Martin, he authored a book in 1984 attempting to expose the truth and warn the American public. He joined the ranks of other courageous Jews who had for decades also been trying to notify the nation as to the very real and present danger of covert Zionist forces at work within the upper echelons of the political and financial affairs of America. Many of these heroic watchmen were wealthy and prominent celebrities including Albert Einstein and Benjamin Freedman. Albert Einstein was an early Zionist who believed in Jews worldwide being allowed to return to their ancestral land of Palestine as an asylum from persecution and/or to be able to practice Judaism without hindrance. He was even asked to be the first president of the newly established State of Israel, but he declined. He did NOT believe in displacing the indigenous Palestinians. He was abhorred by the activities of the Zionist terrorist groups (especially the Stern and Irgun) operating in Palestine in the years prior to 1948. Along with 27 other prominent Jews of the day, he co-wrote and signed an Open Letter which was printed in the New York Times urging Americans to not be deceived by the newly evolved Zionist Freedom party of Menachem Begin. That letter is reproduced in full after the text of Jack Bernstein's book. Additionally, there are excerpts from The Official Report of the United States Army Intelligence, 2nd Bureau as printed in the The British Guardian on February 13th, 1925 along with excerpts from the article itself. The topic was the mounting concern of the United States regarding the encroaching threat of the distinctly Zionist International Bankers who had financed the Bolshevik revolution and were launching a global communist campaign. IMPORTANT: To gain clarity in fully grasping the difference between Judaism and Zionism, an absolutely CRITICAL distinction, read the FREE, 77 page, online publication The Rabbis Speak Out provided by Neturei Karta - Anti-Zionists of Israel at www.nkusa.org

benjamin freedman speech 1961: *The Odious Germans* Einar Schlereth, 2019-07-17 I was 70 when I thought about this book and I started to collect material about the hate against Germany since WWI. I found much help in the monumental work of Docherty & Macgregor and the more I was digging the more lies I found. But then there are areas where you are forbidden to make any research. I lost courage but continued to collect documents, photos, videos. Finally, I overcame my cowardice especially through some friends who encouraged me. I took up the hottest questions like the Holocaust and the German guilt regarding WWI and WWII. The source for all the horror and the

millions of deaths sprang up in a little room in London where a Jesuit-like Secret Society was founded. It grew and succeeded to win the wealthiest, mightiest and the most influential people at the time for their crime: to destroy Germany. The most important figures were Cecil Rhodes, Lord Esher, Natty Rothschild, Alfred Milner, the Queen, Winston Churchill, Lord Balfour, Lloyd George. Later on, they won important persons from the USA with whom they manufactured WWII with the help of a criminal Austrian who made havoc not only in Germany but also all over Europe. And these were not heroic but disgusting and horrible times which I, as a little boy vividly remember. 29. Juni 2019

benjamin freedman speech 1961: The Paths of Heaven The Evolution of Airpower Theory, 1997 Airpower is not widely understood. Even though it has come to play an increasingly important role in both peace and war, the basic concepts that define and govern airpower remain obscure to many people, even to professional military officers. This fact is largely due to fundamental differences of opinion as to whether or not the aircraft has altered the strategies of war or merely its tactics. If the former, then one can see airpower as a revolutionary leap along the continuum of war; but if the latter, then airpower is simply another weapon that joins the arsenal along with the rifle, machine gun, tank, submarine, and radio. This book implicitly assumes that airpower has brought about a revolution in war. It has altered virtually all aspects of war: how it is fought, by whom, against whom, and with what weapons. Flowing from those factors have been changes in training, organization, administration, command and control, and doctrine. War has been fundamentally transformed by the advent of the airplane.

benjamin freedman speech 1961: Women, Race, & Class Angela Y. Davis, 2011-06-29 From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in

Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.
